

Bertha™ Stripping Machines

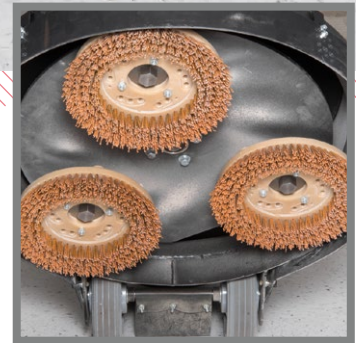

24 and 30-inch Propane Stripping Machines

Rugged powder coated steel construction

Powerful 17 HP motor that exceeds EPA/CARB emission requirements

3 counter rotating brushes allow for one pass stripping

Toughest Job. Up to 500% Faster.

One pass productivity - great for project work teams.

High down pressure with high RPM deck and counter-rotating brush speeds removes finish "like a hot knife through butter".

Exclusive fuel delivery system.

Extends engine life by running cooler, increases HP and lowers emissions to meet/exceed EPA/CARB certifications.

Reliable, easy operation and service.

10/3 warranty with simple controls, low oil emergency shut off and powder-coated deck and chassis system.

Get Your Time Back and Do More.

When planning your finish maintenance projects, do you always agonize about how much time and man power it will take? With the Bertha Stripping Machines, you can depend on them to remove the finish fast and help you get your time back.

Applications:

- Low and high solid finishes
- Resilient floor substrates

Item #E88398 - 24 inch
Item #E12327 - 27 inch
